

2022 SCULPTING TEAM APPLICATION PACKET

Routt County residents including students from Steamboat Springs area schools as well as community, business, and family teams are invited to construct snow sculptures downtown for Winter Carnival this year. Each team is given a 4' x 4' x 8' block of snow to sculpt. The theme for this year's celebration is "*Where Legends Are Made*". Prizes will be awarded for top three student teams based on judging by Winter Carnival royalty. Teams also compete for "People's Choice" with votes tallied on Steamboat Creates Facebook page. It is recommended that you design for the theme!

The following criteria will apply:

1. Up to ten sculptures are guaranteed for student entries. Community teams will create the remaining sculptures up to 22.
2. Applications with designs must be submitted to Sylvie Piquet at the Steamboat Creates by Wednesday, January 26th at midnight: sylvie@steamboatcreates.org or dropped off at the Depot Art Center (1001 13th Street). Release waivers are required for each team member.
3. Design sketch judging is by a blind jury and is based on originality, feasibility, submission quality, and theme relevance.
4. There must be five participants per team, and no more than five. Student teams are required to have 5 members per team, plus an adult chaperone. All team members need to be listed on your application. Each team should have a team captain and provide contact information for all participants (cell phone and email).
5. Adult chaperones of student teams must remain in a supportive role, taking direction from the students if they choose to assist in carving. The student awards are based on student-made sculptures.
6. Teams must commit to snow packing and sculpting during the times detailed on the following page.
7. Snow sculptures echo the brilliance of Steamboat and celebrate Winter Carnival – so please produce your best! Finished sculptures often appear on television, social media, in the newspaper, and in tourist photos. **Make sure you clean up your area when you are finished.**

Important Guidelines:

- MASKS are required at all times during snow packing and sculpting.
- Courtesy and friendliness is expected to business owners, tourists, and others who pass by.
- Only hand tools are allowed for snow sculpting. Absolutely no power tools are allowed.
- Food coloring is allowed and can be applied easily with paintbrushes or spray bottles.
- SCULPTURES MUST BE SNOW ONLY! No armatures, sticks, fabric or any other materials are allowed on the snow sculptures.
- Leave nothing but well-sculpted snow. Your area must be free of all materials, tools, etc. when you are finished or your team can be disqualified from the competition.
- Bring carving tools with you i.e. garden shovels, small pointed shovels, trowels, saws, flat ice scrapers, buckets of water, insulated rubber gloves and any other tool that you can think of that may be good for carving. Dressing in layers is the best way to accommodate any type of weather. Bringing a piece of blue foam insulation could help when kneeling on the sidewalk.
- Music must be played at a level heard by the team, and not all of Lincoln Avenue.
